## APPLICATION FOR CERTIFICATION OF CRAFT SPIRITS

Company \_\_\_\_\_ hereby makes an application for the American Distilling Institute to designate their spirits as Certified Craft Distilled or Certified Craft Blended. Upon approval of this application by ADI, the products applied for will be eligible to use the Certified Craft Spirits mark that is appropriate for that spirit and the brand names will be placed on the online registry of Certified Craft Spirits.

I attest that:

- Annual sales at the distillery do not exceed 100,000 proof gallons a year.
- Less than 25% of the DSP IS OWNED OR CONTROLLED (or equivalent economic interest) by alcoholic beverage industry members who are not themselves craft distillers.
- The certification mark for Craft Distilled Spirits will only be used on products that say “Distilled by” followed by our DSP name of the TTB approved label.
- The certification mark for Craft Blended Spirits will only be used on spirits produced under the definition for Craft Blended Spirits as stated by ADI.
